

KEY BLANKS & CUTTING SOLUTIONS

NEW Expanded Program

USA: 888.YES.KENT (888.937.5368) | Canada: 800.563.1717 | kent-automotive.com

Automotive Key Blanks, Key Cutting Machines & Accessories

Kent Automotive’s comprehensive key program features the most popular domestic and import vehicle keys, including:

- Metal and plastic head keys
- Transponders/VATS
- Test blades and emergency keys
- Remote shells
- Clonable pod keys
- Proximity clone replacement kits and more

Kent offers the latest technology in key cutting machines that can accommodate a variety of cuts as well as transponder cloning machines:

- Single-edge keys for older vehicles
- Double-edge keys for the majority of today’s cutting needs
- High-security keys, otherwise known as laser-cut or sidewinder keys
- Tibbe keys for luxury vehicles
- Clone machines for programming transponders in-house

It all comes together with your Kent Representative ensuring your key blank inventory is optimally stocked and machines are always serviced, helping you boost profits through improved efficiency and productivity.

We’re Your Partner in Profitability™

KEY CUTTING MACHINES and ACCESSORIES

994 Laser Key Cutting Machine

- Cuts double-edge cut, tibbe and high-security automotive keys
- Cuts by code, de-code (duplicate) and depth
- Includes 7" color touch screen console
- Console has complete automotive database – simply search cut by vehicle make, model and year
- Uses jaw adapters for different vehicle makes and models
- Uses cutter and tracer to perform cuts
- 2-year factory warranty

Will not cut VATS or single-edge cut keys.

Description	Item No.	Pkg. Qty.
994 Laser Key Cutting Machine	1495443 ²	1
994 Laser Key Cutting Machine with A Jaw	1132150 ²	1
994 Laser Key Cutting Machine with C Jaw	1351713 ²	1
994 Laser Key Cutting Machine with A and C Jaw	1132131 ²	1

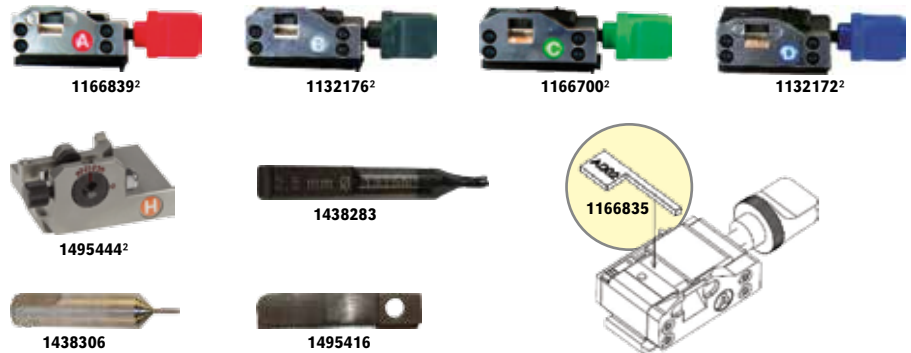

²Usually ships in 3 to 7 days

High-Security Cutting Accessories

Description	Item No.	Pkg. Qty.
A Jaw	1166839 ²	1
B Jaw	1132176 ²	1
C Jaw	1166700 ²	1
D Jaw	1132172 ²	1
H Jaw (Tibbe)	1495444 ²	1
2.5mm Carbide Cutter	1438283	1
Tracer	1438306	1
Lexus/Toyota Adapter	1495416	1
Infiniti Adapter	1166835	1

²Usually ships in 3 to 7 days

Double-Edge Cutting Accessories

G Jaw Kit includes jaw, cutter and tracer.

Description	Item No.	Pkg. Qty.
G Jaw Kit	1439821 ²	1
1.5mm Carbide Cutter	1438296	1
Tracer	1438306	1

²Usually ships in 3 to 7 days

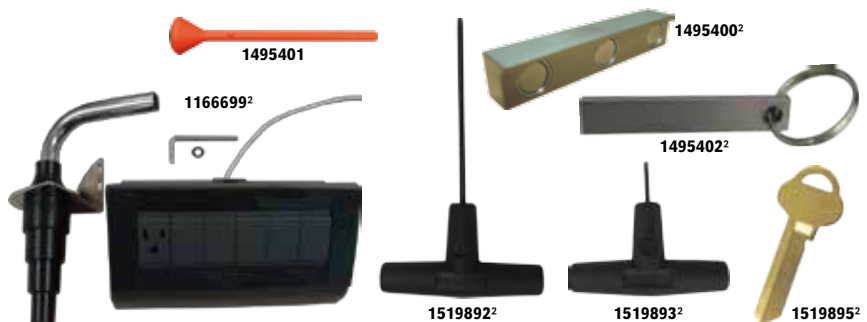

General Accessories

Description	Item No.	Pkg. Qty.
Cutter Installation Tool	1495401	1
Attachment for Vacuum	1166699 ²	1
Magnetic Tip Stop for Jaw	1495400 ²	1
2.5mm T-Wrench (Short)	1519893 ²	1
3mm T-Wrench (Long)	1519892 ²	1
Jaw Calibration Template	1495402 ²	1
N01 Calibration Blank	1519895 ²	1

Vacuum sold separately. Rating: 120V, 6 Amps

²Usually ships in 3 to 7 days

BD Laser Console Upgrade/Trade-In

BD Laser users can upgrade their system with the new 994 Laser Console. Kent Automotive's 994 Laser Console ensures your shop has the latest vehicle make and model key information.

- Easy-to-use database with expanded memory for new key cuts – no computer needed
- Innovative 7" color touch screen console features dynamic graphic representation of key cuts, faster software functions, and integrated stand to hold jaws, tools and accessories
- Option to buy console outright, trade in the old console for the new console or trade in to receive the console with jaws

Description	Item No.	Pkg. Qty.
Console Upgrade	1491163 ²	1
Console Upgrade with Trade-In	1491164 ²	1
Console Upgrade with Trade-In and G and H Jaws	1491165 ²	1
Console Upgrade with Trade-In and G Jaw	1491166 ²	1
Console Upgrade with Trade-In and H Jaw	1491167 ²	1

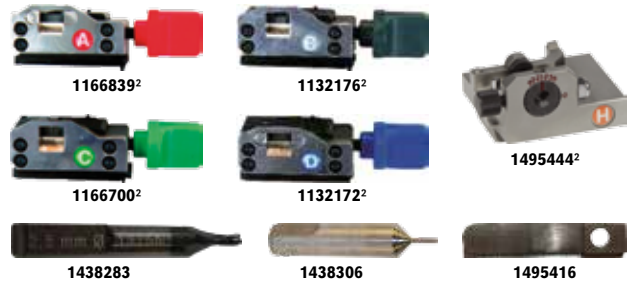

Console upgrade not available for BD Laser MAX.

²Usually ships in 3 to 7 days

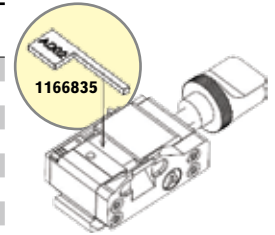

BD Laser Replacement Parts

Accessories only. BD Laser has been replaced by the 994.

High-Security Cutting Accessories

Description	Item No.	Pkg. Qty.
A Jaw	1166839 ²	1
B Jaw	1132176 ²	1
C Jaw	1166700 ²	1

884 Decryptor Cloning Tool – MINI

- For use with compatible, clonable transponders and modular key systems (pod keys, horseshoe and proximity replacement kits)
- Used in conjunction with computer, tablet or smartphone (Android only) with internet connection
- Identifies and clones 90% of vehicle makes and models
- Compact, lightweight design with easy-to-read display
- Easy software updates
- 2-year warranty

Description	Item No.	Pkg. Qty.
884 Decryptor Cloning Tool – MINI	1495555²	1
TKG Software Update for Toyota	1518737²	1
TKM Software Update for Audi/VW	1495530	1

Cloning machines are required for cloning of clonable transponders, pod keys, and proximity replacement kits.

²Usually ships in 3 to 7 days

Time to Break Even	6.7 months
Profit/Year After That	\$17,100.00

Lease To Own Program

Kent Automotive knows every shop requires solutions customized to fit their needs. That's the reason we offer a flexible key cutting machine lease-to-own program. It's as easy as 1-2-3:

1. Work with your Kent Representative to select a key machine and related accessories, and choose a lease period that works best for your shop (2- to 5-year options available).
2. Submit the lease program request to Kent's leasing partner for review.
3. Once approved and authorized, the program is initiated. Make your low monthly payments and at the end of the term, you will own your key machine and accessories with a final payment of only \$1 in the U.S. (\$10 in Canada).

Sample Rate Table To Approximate Your Low Monthly Payment Amount:

Equipment Cost	24 Months	36 Months	48 Months	60 Months
\$5,001 - \$12,000	.05257	.03582	.02860	.02449

Example:

- Quoted price of your machine and accessories is \$10,000
- Desired lease period is 48 months
- Rate of .02860 (as seen in the rate table)
- Payment will be approximately \$286.00 per month (\$10,000 x .02860)

Ask your Kent Representative about further details on our lease-to-own program.

Note: Each lease program has a one-time processing fee, assessed on the first month's bill. A security deposit may be required for some programs, also assessed on the first month's bill.

ARE YOU READY TO PARTNER IN PROFITABILITY?
